Ok well if you still want to talk I do but not going to force you too.

Why

Why what?

Why do you want to talk

Because I like talking to you

But if that's not mutual you can tell me

We should be friends

just friends

Like friends that talk a lot or just every once in a while?

Idk

I'm going to be the one that ends up getting hurt

And I don't want you to be

Well then why did you kiss me

Because I wanted to.

I guess it was selfish of me to

I'm sorry

it's okay

Is it though

Not with my morals, idk if it's okay with you, but it just sucks now

What sucks now?

Because i feel bad

But you didn't do anything wrong.

It was me that did

I was in a very vulnerable state that day at the airport going through something really hard and you made my day seriously by buying me a muffin and stuff

with you, and then when we kissed. I just felt really cared for when you bought me paint and canvases. And then finding out you're married kinda made me feel so stupid and also made me feel awful. And now i really do like talking to you and stuff but it can never go anywhere because like you said "the flight attendants are so stupid thinking the pilots will leave their wives for them" and now i just feel stupid

You shouldn't feel stupid. It's my fault for bringing you into this and I shouldn't have

It's okay

I feel bad. And I'm sorry

I'm not mad I'm just sad

I was being stupid and selfish

But I guess disappointing people is what I'm good at.
